WATCHSPIRE AI

AIRPORTS & TRANSPORTATION HUBS

Airports and transit hubs are high-stakes environments where safety and speed must work hand in hand. Watchspire AI brings intelligence to every terminal, runway, and concourse.
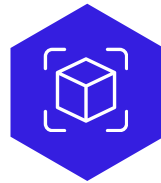

Faster Journeys. Safer Passengers. Smarter Security.

WHAT WE DELIVER

Passenger Footfall & Queue Management
Optimize staffing and reduce long waits.

Suspicious Behavior Alerts
Detect loitering, trespassing, or restricted-area breaches.

Hygiene Monitoring
Ensure restrooms and waiting lounges stay clean.

Abandoned Object Detection
Spot unattended luggage instantly.

ANPR & Vehicle Monitoring
Secure airport roads, taxi stands, and cargo lanes.

WHY IT MATTERS

- Safer passengers and smoother flow
- Faster security checks and boarding
- Stronger protection against threats
